For: VEHICLE POWER SUPPLY SYSTEM

STATEMENT OF SUBSTANCE OF INTERVIEW

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

On July 24, 2008, the undersigned attorney conducted a telephone interview with Examiner Rutland-Wallis to discuss the Advisory Action mailed July 21, 2008.

The Examiner agreed that JP 2004-120936 **is not available as a reference** against the present application because JP '936 was published on **April 15, 2004** which is **later** than Applicant's U.S. filing date of **March 26, 2004**. (JP '936 was cited in the counterpart Japanese Patent Office Action submitted with the IDS which Applicant filed on April 14, 2006.)

The attorney also noted that the "informatively cited" Krieger '993 is irrelevant because, *inter alia*, it discloses only a portable electrical energy source which is completely non-analogous to Applicant's claimed "vehicle power supply system".

STATEMENT OF SUBSTANCE OF INTERVIEW
U.S. APPLN. NO. 10/809,870

Thus, the attorney submitted that the application is now in condition for allowance
(subject to further prior art searching by the Examiner) **with claims 1 and 17.**

Respectfully submitted,

/John H. Mion/
